|                       |                                                                                |
|-----------------------|--------------------------------------------------------------------------------|
| Actuator Size:        | Torx T6                                                                        |
| Drive Type:           | TORX                                                                           |
| Finish:               | Galvanized, Blue, 5 µm, A2K                                                    |
| Head Diameter [mm]:   | 5                                                                              |
| Head Height [mm]:     | 1.6                                                                            |
| Head Shape:           | Button Head with Collar                                                        |
| Length [mm]:          | 8                                                                              |
| Material:             | Q&T Steel, lead-free                                                           |
| Material Group:       | NULL                                                                           |
| Thread Diameter [mm]: | Ø 2.2                                                                          |
| Thread Type:          | Delta PT Thread                                                                |
| Weight:               | 0.31g                                                                          |
| Conformities:         | <div>Reach COMPLIANT</div> <div>RoHS COMPLIANT</div> <div>SVHC COMPLIANT</div> |
